RE: 2016 In-Service Program

Dear Ms. McLaughlin,

I wanted to write to you to thank you for the in-service training you and your staff provided to our agency personnel over the course of our seven separate in-service sessions. I received nothing but positive comments from our personnel regarding your training. The positive comments I received were about both on the substance of the material, and on the way it was presented. The attendees enjoyed the interaction with the various self-advocates who presented to them, and felt those interactions helped them to better understand the various disabilities. The attendees enjoyed the manner in which the information was presented by the instructors, as that too was interactive, informative and kept their attention. The attendees felt the information was very relevant and beneficial to them as it seemed specifically tailored to help them in their specific jobs in law enforcement and not presented as a broad, generic presentation of general information. The attendees now feel more confident responding to and handling calls for service involving persons with various intellectual and developmental disabilities.

Again, thank you, and I look forward to working with you and your staff in the future.

Sincerely,

Sgt. Troy A. Angell
Training Services Supervisor
