Pathfinders for Autism was established in 2000 by parents of children with autism. Since then, we have grown into Maryland's largest autism organization, directly serving over 20,000 people last year alone. We are committed to improving the lives of individuals with autism and those who care for them, and accomplish this through a variety of resources and programs. Through fundraisers like our annual Golf Tournament, and thanks to generous supporters like you, we are able to offer everything we do FREE of charge. Thank you for investing in Maryland's autism community. Together, we can make a difference!
