

What to Do During a Traffic Stop

Practice sessions for drivers and passengers with developmental disabilities

EVERYONE feels anxiety when they see that police car light up behind them and may worry about what will happen next. Watch the 1-hour webinar and then attend a live session where you can practice being pulled over by Howard County Police Officers in a calm environment. The goal is to have a safe interaction during a traffic stop.

This program is offered to:

- Passengers with a developmental disability that might be anxious about traffic stops
- Licensed drivers/drivers with a learner's permit with a developmental disability

Participants will receive:

- A printed copy of "PFA Tips: What to Do During a Traffic Stop"
- An envelope which can be used to hold the person's registration card, insurance card, disclosure card, and a copy of the PFA Tips article with tips about autism for the officer on the back side
- A laminated card (with clips) to attach to the driver's visor with the top five instructions of what the driver needs to remember to do during the traffic stop
- A disability disclosure card

Practice session: Friday, October 18, 2024

Practice times available 10am-2pm

Free to attend; Registration for a practice time required
